

BID NO. 8446-5/17; CONSTRUCTION EQUIPMENT RENTAL - PREQUALIFICATION

I. Purchasing Instructions

A. Award Description

Awarded bidders have been pre-qualified to participate in spot market purchases on construction equipment rental.

B. Quotation Directives

- 1) **Contract Instructions (Re: ITB Paragraph 2.6)**
Prequalified bidders will be invited to participate in spot market purchases as required by the County. When spot market purchases are initiated, pre-qualified vendors shall be invited to offer a fixed price for a specific individual purchase or work order, or a specific purchasing period.
- 2) **Cone of Silence**
Pursuant to Section 2-11.1(t) of the County Code, all requests for spot market pricing are subject to the Cone of Silence. (Re: ITB paragraph 1.2-D1)
- 3) **ALL quotations issued under this pre-qualification contract must utilize the current and active "terms and conditions" in place that includes the latest legislative changes. Please refer the Procurement Management link (<http://www.miamidade.gov/procurement/itb-terms-conditions.asp>) to retrieve that latest version of the current T&Cs.**
- 4) **All quotations issued must be provided to the Small Business Development Division (SBD) of the Internal Services Department for placement on the Cone of Silence Report upon advertisement. Once an award recommendation is made, SBD must be notified in order to remove the competition from the report.**
- 5) **Periodic Request for Quote:**
 - A. All quotes submitted shall show charges for rental by the hour, by the day, by the week, and by the month. The general practice of the industry shall apply basing rates on (8) eight hours use per day, (40) forty hours use per week and (176) one-hundred seventy six hours use per month.
 - B. Rental charges will reflect the lowest rate for the time used to be computed in the manner that results in the lowest billing to the County. An hourly rental which is kept for a day will have the rate adjusted to reflect that daily rental rate if that rate is less costly to the County. Equipment contractor under a daily rental rate which is kept for a week will have the rate adjusted to reflect weekly rental rate if that rate is less costly to the County. Equipment contracted under a weekly rental rate if it is kept for a month, will have the adjusted to reflect the monthly rate if that rate is less costly to the County.
